

To our friends. It is heartbreaking to see the suffering and uncertainty that the COVID-19 virus is causing all over the world. We must all take great care and exercise caution in everything we do. Our most important concern is the health and safety of our customers and our team members.

To do our part in minimizing the spread of the virus and to protect our customers and team members, we will be closing all our Watch Station International stores in North America through March 28th. While our stores are closed, these employees will be compensated for their hours through March 28th. Without our employees, we would not have the privilege of serving each of you daily, and we thank them for all that they do and for their unwavering spirit.

While we will miss seeing each of you in person, our online stores will remain open and available at watchstation.com. For service and support, please contact us at fossil@fossil.com or (800) 449-3056.

To further safeguard our employees and customers outside of our store environment, we have increased sanitizing standards and added the ability for employees to work from home where possible. For roles that require employees to be on-site, we are practicing social spacing and modifying work schedules to reduce the density of employees in an area.

On behalf of our entire team, we thank you for your support. This is a challenging time for all of us and we will get through this together. Let's all protect and care for one another.

Stay safe!

Watch Station International
